

# Glad to be your neighbor.

## You're closer to better performance than you think.

Crown Castle Fiber's broad portfolio of customized network solutions is available in **Highwoods Properties**. Regardless of what industry you're in, you need the ability to provide good service to your customers and meet the growing demand for data. At Crown Castle Fiber, we're dedicated to understanding your needs and delivering a solution that helps you run your organization (or business) today, while setting the stage for tomorrow.

We own our entire fiber network, so we are directly invested in its integrity and can provide faster response times and issue resolution. Our fully staffed Network Operations Center will monitor your fiber network around the clock, proactively responding to changing circumstances, and giving you unmatched reliability and peace of mind.

Schedule a meeting today to discover what's possible. We look forward to working together to find the best solution for your business.

### Our Solutions

#### Managed Solutions

Every organization is unique. Whether you're looking to connect two or more locations, or you need a fully managed fiber network that you don't have to worry about, we'll work closely with you to find the right solution.

#### Dark Fiber

With a dark fiber network, you get full control. We will work closely with you to build out the network according to your needs, with full access to our dense metro fiber footprint across the country.

#### Added Network Services

Whether you're managing your own dark fiber network, or you have one of our managed solutions, we offer a variety of services from internet access, to cloud transport and colocation. We'll work closely with you to find the right mix of solutions for your organization.
